\$4.7-Billion Aid Measure Approved 61-23 by Senate

WASHINGTON (AP)—The Senate has voted a \$4.7-billion ceiling on foreign aid spending next year — just about what President Kennedy requested.

But there's evidence Congress intends to slash away at the aid program before it finally provides the money that may be spent.

The measure passed Thursday by the Senate 61 to 23 simply sets limits on aid spending in the fiscal year that begins July 1. The appropriations will be handled later in separate legislation.

Actually, the administration had to settle for partial victory on its embattled provision for aid to Communist Poland and Yugoslavia in an attempt to wean them away from Soviet domination.

Voted to Ban Aid

Wednesday the Senate voted 57 to 24 to bar foreign aid to such countries. But, with heavy pressure from the White House and combined appeals from Democratic and Republican leaders, the Senate retreated Thursday and voted 56 to 34 to exempt gifts and sales of surplus food.

I still left the ban on any assistance under the foreign aid bill itself, including \$10 million in economic development loans the administration had programmed for Yugoslavia next fiscal year.

At his news conference Kennedy welcomed the action on food saying it would give him the necessary flexibility to help peoples who want to remain independent.

Only a short time later administration forces succeeded by the narrow vote of 45 to 40 in rejecting an amendment by Sen. Norris Cotton, R-N.H., which would have denied foreign aid to countries

which export arms or strategic materials to Sino-Soviet bloc countries, including Cuba.

No Attempt to Cut

No attempts were made to cut the bill so far as money is concerned.

Manuel Rips Estes Probe

Fired Counsel Says Truth Suppressed

WASHINGTON (AP) — Robert E. Manuel, dismissed Republican counsel to a House investigating committee, charged today the group's inquiry into the Billie Sol Estes case "is being distorted—and the truth suppressed."

In a statement, Manuel quoted an Agriculture Department official as saying Estes personally pressured him by invoking the names of the late House Speaker Sam Rayburn and Vice President Lyndon B. Johnson, but that Johnson's name was not brought into public testimony.

Manuel added: "This incident points up the way this investigation is being distorted—and the truth suppressed—either because of shoddy preparation, or a willingness to cover up."

Manuel said another incident involves a discussion by the subcommittee in closed session of how to deal with testimony "which would implicate certain members of Congress and at least one very high-ranking administration official."

"The testimony, taken in executive session, related to a list of individuals to whom Estes allegedly sent gifts in the form of money orders," Manuel added.

He said it was against this background that he decided, "as a matter of conscience and duty to the public," to give a confidential Agriculture Department report on the Estes case to a newspaper reporter.

The reporter, who Manuel described as a longtime friend, was Earl Mazo of the New York Tribune.

It was for this action that Manuel was discharged after a day-long subcommittee wrangle behind closed doors Thursday. Democratic members spoke of a "breach of ethics."

The subcommittee, headed by Rep. L. H. Fountain, D-N.C., delayed resuming public hearings to decide what to do with Manuel.

It took an all-day session behind guarded doors.

In the meantime, the scheduled witness, James T. Ralph, cooled his heels in the nearby House Caucus Room, waiting for a call that never came. He is to testify today.

Secretary of Agriculture Orville L. Freeman fired Ralph, a former assistant secretary, May 15, saying he had used a telephone credit card belonging to Estes for personal calls. Ralph has denied accepting expensive suits from the West Texas speculator.

By a straight party vote of 4 to 2, the subcommittee voted to fire Manuel shortly before 4 p.m. Thursday, although his dismissal had been reported as early as midmorning.

Fountain said although Repub-

13 E. Germans Escape In Boat

Flee to West Under Hail of Bullets

BERLIN (AP) — Bringing a baby with them, 13 young East Germans hijacked a 500-ton river excursion boat early today and escaped to freedom under a hail of machine-gun bullets.

East German police, firing from a watch tower, a pier, a bridge and a patrol boat, pumped over 200 bullets into the fleeing vessel. Nobody was hurt.

West Berlin police fired 10 shots back at the East Germans to check their fire. The boat, the Friedrich Wolf, was riddled and there were bullet marks on buildings on the West Berlin shore.

The escapees included eight men, all employees of East Berlin's "white fleet" of excursion boats, five women, and one couple's 5-month-old boy. The adults, all about 30 or under, told police they had been planning the escape for a week.

Thursday night the men in the group went aboard the Friedrich Wolf at her mooring beside the River Spree and began drinking with her captain and engineer. When the two were off guard, they jumped them and tied them up.

Under cover of darkness they spirited their women and the baby aboard. Then at dawn the men got the two-deck boat moving.

They swung into the Spree and headed toward the center of Berlin, making for the point where the left bank of the river becomes the border between East and West Berlin.

Posts of Vopos — as the East German police are called — opened fire.

Racing the engines at their top speed of 10 knots, the men aboard the Friedrich Wolf suddenly swung left and rammed the boat into the entrance of the Landwehr Canal — Western territory.

The escapees, moving quickly in twos and threes, sprang ashore. They flung themselves to the ground to escape the whipping bullets. When the West Berlin police fired, the Vopos checked their fire.

The whole thing was over in 20 minutes.

The boat's captain and engineer were allowed to get the boat under way and return to East Berlin.

197 SHS Seniors Receive Diplomas

A busy round of commencement week activities drew to a close Thursday night as 197 seniors were graduated before a near-capacity crowd in the Salem Senior High School gymnasium.

On a perfect June night the candidates marched in dignified fashion down the aisles in measured step to the stirring strains of "Pomp and Circumstance" played by organist Marshall Bailey.

Orations on the "Essence of Life" and "All in the Same Boat" were presented by class speakers Allen Ewing and Evelyn Falkenstein.

Following the invocation by Rev. William Witt of St. Paul's Church, Brenda Smith presented the welcome. "Valse" was played by piano team Nancy Boyd and Patricia Dolansky with the nine-member girls ensemble offering "Music." Other music was furnished by Steven Sabol, top honor student, on the organ.

Superintendent of Schools Paul E. Smith presented the class after which O. A. Naragon, president of the Board of Education, awarded diplomas. The class passed from candidates to graduates with the changing of the tassels ceremony in charge of Robert Oswald Jr., class vice-president.

The benediction was given by Rev. R. J. Hunter of the First Baptist Church.

Need of Faith Underscored

Ewing, class president, described faith as the true essence of life. "Nothing in our lives can have a greater effect than

faith in self, in country, in the future, and in God," he declared. "Of these, faith in God is the most important, because 'without faith in God we become egoists,' he declared.

Faith is not complicated, but simple, the speaker said. "Our lives are built on faith—faith that the dogwood will blossom in the spring, that the sun will shine and the rains will fall."

Ewing said we must also believe in ourselves for a successful life. "If we lose faith in ourselves and begin to fear, we shall certainly falter," he warned.

Algiers Terror Halted by OAS

Quiet Follows Day Of Arson, Killings

ALGIERS (AP)—The European Secret Army Organization today mysteriously halted its terrorism in Algiers at least temporarily after a day of arson and indiscriminate shooting.

Hopeful French officials believed the appeal for peace by Jean Georges Sarradet, head of some 2,000 secret army commandos, was beginning to work.

Most Europeans, however, said skeptically it was the driving rain over the city that stopped the destructive action.

Slash Included In 5-Point Program To Hike Economy

WASHINGTON (AP)—President Kennedy told his news conference Thursday.

"We have a program to boost it and I hope that all those who are concerned about their stocks or their profits or their jobs will help us get action on this program," he added.

Thus inviting public support, including support from critics who upset the stock market, Kennedy urged Congress to get down to business quickly on his proposals.

Tax Talk Highlight

Tax talk highlighted the news conference in which Kennedy snapped back at Republican detractors and said he would take the stump for Democratic candidates in the November elections.

He made clear the administration does not intend to recommend an immediate cut in income taxes. But he said he will offer a tax reform bill providing reductions in both personal and corporate income taxes, effective Jan. 1, for congressional action next year.

Details are being worked out, he said, but will result in a net loss—the reductions "will not be wholly offset by other reforms."

He listed these other points in the program:

The House-passed tax credit for money invested in new machinery and equipment.

Forthcoming changes in schedules by which companies save money through tax writeoffs for depreciation of plant and equipment.

\$205 Billion Tax Reduction

Kennedy estimated these two steps would represent a tax reduction for business of more than \$2.5 billion.

Approval of his request for standby authority to cut taxes in order to head off threats of recession. The House Ways and means committee hasn't acted on this proposal.

Repeal of the 10 per cent tax on rail and bus transportation and cutting the tax on air travel in half, to 5 per cent.

Kennedy declared he will be active in the fall election campaigns. And he congratulated former Vice President Richard M. Nixon for winning the GOP gubernatorial primary in California. That's one state in which Kennedy is expected to appear, on behalf of Nixon's opponent, Gov. Edmund G. Brown. Other states which party sources believe he is most likely

National Bee Co-Winners Are Named

WASHINGTON (AP)—The co-winners of the National Spelling Bee contest agree that luck, more than anything else, makes a champion speller.

"Most of the words I never heard of," admitted Michael Day, 14, Hardin, Ill., who shares the 1962 title with tall brunette Nettie Crawford, 13, Roswell, N.M.

"It was pretty rough," Nettie thought.

Because most of the words were so difficult the two eighth graders waged what amounted to more of a guessing game in Thursday's final round of the 35th annual spelling bee. Their battle finally was declared a draw.

Nettie and Mike became champions by spelling correctly such tongue-twisters as "unguiculate," meaning having claws or nails, and "monocotyledon," a botanical term referring to seed plants.

The two winners each pick up bronze trophies and a \$1,000 prize at a windup banquet tonight and then they'll head for an all-expenses paid sightseeing weekend in New York City.

Nettie's father runs a 600-acre cotton and alfalfa ranch and Mike's dad is with the Social Security Administration in Hardin.

A third prize of \$250 went to Barbara Brugnau, 14, of Youngstown, she was the last one eliminated in the 15th round before the championship battle.

Pam Lieser of Dover, entrant representing the Brush-Moore Newspapers Inc., was the 21st student to be eliminated.

CREED-CONSCIOUS — The Leetonia Library board has drawn up a creed which it follows in selection of books and in taking other official actions. Seated are Mrs. Vera D. Hauer, a Salem teacher, Mrs. Jessie Gaughan, secretary, and Mrs. Charlotte Brennan, librarian. Male members of the board are C. Richard Roose, H. Ross Mellinger, president, Frank R. Aiken, clerk-treasurer, and Victor Wood, superintendent of Leetonia Schools.

Only the Best In Reading Material

Leetonia Library Adheres to Creed

LEETONIA — "What a child puts into his mind is equally or more important than what goes into his stomach."

This is part of the credo by which the Leetonia Public Library, in business for 27 years, has operated.

For a number of years, Frank R. Aiken, charter board member and clerk-treasurer, has been largely responsible for book selections and he tries to follow this philosophy carefully.

He feels there is too much gutter-talk in many of today's best-sellers in the fiction field and deplores this trend in American literature.

"You wouldn't put poison on a plate and give it to a child, so why put degrading books on the reading table for young minds to digest?" Aiken asks. "We just don't have that type of reading material."

THE LIBRARY HAS GROWN from the time it began in a vacant room in the old North Side School, now destroyed, to more than 14,000 volumes at the present central location in the K. of C. Building on Main St., occupied first in 1953.

Forty periodicals and magazines are also available to readers.

Heading the Board of Trustees is H. Ross Mellinger, president of Mellinger Lumber Co. Mrs. Charlotte Brennan is vice president; Mrs. Jessie Gaughan, secretary; and Aiken, clerk and treasurer. Druggist C. Richard Roose, Mrs. Vera D. Hauer, Salem school teacher, and Victor Wood, superintendent of schools, round out the board.

The librarian is Miss Margaret Leeson, assisted by Miss Myrna Bruderly.

THE COMMUNITY LIBRARY was organized in April, 1935, by a group of individuals representing several civic, social and religious organizations. The late Minor B. Lodge was the first president. Aiken and Mrs. Gaughan were charter members. Others on the original board were William Disbro, vice-president, Mrs. Nellie Conrad, Mrs. Lena Brillhart and Mrs. Rhea Weikart.

The stock of reading material at first was extremely small, begun with donations from townsmen and loans from the Ohio State library. The industrial arts

class at the high school built the first book stacks and senior girls served as librarians.

The local Thursday Reading Club made the first cash contribution sum of \$50.

This was followed by a check of \$200 delivered in person by State Librarian Paul A. T. Noon.

This generosity started a chain reaction which brought further donations by the American Legion, the Priscilla Club, Knights of Columbus, Parent-Teachers Association, L.C.B.A. and Dr. and Mrs. Paul Beaver.

No tax has been imposed upon village residents for the establishment or the operation of the library. The money for maintenance and operation comes from the county's collection of intangible (personal) taxes, as it does also for libraries in Salem, Columbi-

Following the meeting a playlet, "Scrambled Eggs," was presented by the Village Players, which was greatly enjoyed. Mothers of the players were special guests.

Lunch was served by the social committee with Mrs. Adin Harman as chairman.

Members of the Rebekah Lodge will sponsor a benefit card party this evening and on Saturday will hold a bake sale at the Rebekah hall.

The Women of the O.S.I. will serve lunches at the O.S.I. Hall today, Friday and Saturday of this week.

Keep Breathing, Taxpayers

Secretary of the Treasury Douglas Dillon has done as masterful a job of triple-somersaulting in mid-air without a net as will be seen in the Kennedy administration, unless Secretary of Agriculture Orville Freeman proves Billie Sol Estes was fooling when he boasted he knew everybody with influence.

This was Mr. Dillon's rick:
After being quoted to the effect that no tax cuts were thinkable, despite Secretary of Commerce Luther Hodges' insistence that cuts were imperative, the treasury secretary has left the impression he is for tax cuts.

He has done this by adroit use of the publicity sounding board that goes with his Cabinet position—in this instance a speech to the New York Financial Writers Association.

WHAT DID Secretary Dillon really say—that he was in favor of tax cuts? No. He said he was in favor of proposing tax cuts next year.

Did he say he was in favor of an over-all reduction of revenue, which would mean a cutback in government spending? No. He said he was in favor of juggling income tax rates and re-juggling other things to make sure the government drew off an even larger total of the people's productivity. He spoke of "restructuring," "closing loopholes" and "broadening the tax base."

In substance what this highly capable official did was to stiffen the wilting hopes of the people who have been insisting a stupid

tax policy has done irreparable injury to the economy. As an economic conservative whose role in the Kennedy administration is as an anchor to "rightward" he knows as well as Secretary Hodges knows that something desperately needs to be done.

The United States needs to be as intelligent as Japan and the strengthening nations of Europe that have stepped up their vigor by intelligent tax revision. Both men know this, but Secretary Dillon also knows about the revenue problem while Secretary Hodges knows only about the problems of businessmen.

IT WAS GOING to take a neat trick to get the treasury secretary through the triple somersault and safely back on his perch without a broken back. But it has been carried through with grace and style.

Except—
Keep breathing, taxpayers, until your taxes come down. Don't hold your breath waiting for the Kennedy administration to reduce taxes, because neither Mr. Dillon nor any other spokesman for the administration has said anything about reducing taxes.

They have hinted that next year they may propose a "restructuring" of taxes, closing loopholes and broadening the tax base to keep from losing revenue.

Nice going, Secretary Dillon. This puts the whole thing back where it started, ready to fly through the air again with the greatest of ease.

At the End of the Runway

The aviation disaster in France last Sunday pinpointed the necessity of equipping major airports with arresting gear to stop planes that overrun air strips on takeoffs and landings.

The E. W. Bliss Co. is the pioneer in development of one principle of aircraft arrestment—the rotary-Nylon tape, which engages a hook beneath an airplane and brings it to a stop without damage to the plane or injury to the occupants.

There are presently 140 of these Bliss units installed or in the process of being installed at 70 airports throughout the world. As far back as 1953 Bliss started to develop both military and commercial type overrun barriers that could catch an aircraft at the end of a runway, using the same principle as the arresting gear on an aircraft carrier.

The company consistently has advocated use of this principle and discussed it with air-famed manufacturers and civil and military agencies. The Only Field disaster, which snuffed out 130 lives when a Boeing 707 failed to rise from the runway, is a perfect illustration of the situation in which an ar-

resting gear becomes indispensable.

The plane's pilot had decided for reasons still unknown to abort the flight when the plane was about 1,650 feet from the end of a 10,983 foot runway. The brakes were applied, as shown by skid marks. If the runway had been equipped with arresting gear, the plane would have been snagged and stopped. A hook would have engaged a wire-rope pendant stretched across the runway and attached to Nylon tapes wound on reels that play out the tape as the aircraft engages it. The reels are coupled with brakes to absorb the energy of the impact and gradually slow the plane to a stop.

Instead, the plane ran off the airport, crashed and burned.

Every plane disaster is potentially a step toward greater safety in the future. The Bliss Co. points to its units installed or being installed at airports throughout the world. The step toward safety already has been charted and taken at least 70 times. In 30 emergencies at U.S. Air Force Bases, the Bliss arresting gear worked perfectly—30 times.

Misquotation Was Possible

We hope there were serious omissions in an Associated Press report of a commencement address by Mrs. Eunice K. Shriver at the University of Santa Clara.

If the story was laid down in a correct version, the sister of President Kennedy and the wife of R. Sargent Shriver, Jr., director of the Peace Corps, is advocating service in a domestic Peace Corps for one and all.

This would go on for two years. Volunteers would offer their services for work in public schools, welfare agencies, courts and recreation departments, according to the AP version of Mrs. Shriver's commencement address.

We do hope the version is incorrect.

Nobody wants to believe members of the Kennedy family have blind spots where money is concerned. Everybody wants to believe, regardless of partisan politics, that the President and his brothers and sisters

have not been misled by the fact they never lacked anything because of a shortage of funds.

We want to think they lean over backward, or crank their cash registers backward, to avoid giving offense to people who must work to eat.

We want to think Mrs. Shriver was misquoted when she said something that sounded as if she thought the rest of us had the option of passing up the rat race for a couple of years while we put in some good licks in a domestic Peace Corps.

Even with Federal subsistence pay we couldn't make it, Mrs. Shriver—not and come up to our obligations as taxpaying patriots of a nation that is spending no less than \$30 million of our money this year on the other Peace Corps—the one that spends our money elsewhere.

Purely Personal

By Truman Twill

Like many people who say it with words I envy cartoonists, who say it with caricatures. My envy crackled and snapped over a Herb-lox cartoon showing Adenauer and De Gaulle talking. The former—Der Alte, as he is called in Germany—is holding a picture of President Kennedy and asking De Gaulle, "What do you think of Der Junge?"

Whenever Firestone Rubber Co. runs that ad showing Indianapolis racing cars going back to 1913 I can be counted on to spend 15 minutes of pop-eyed amazement over contraptions capable of going faster than I've ever driven a car though I wouldn't risk my life in one of them today at 30 miles an hour, let alone 3.

I have quit being naive enough to feel good because Nikita Khrushchev likes Benny Goodman's jazz. I assume he also likes nice weather, but that doesn't have any bearing on my dislike of authoritarian socialism.

The steel industry still intends to boost prices because there's no other way to finance more automation in pursuit of the efficiency that ultimately may whittle down costs, but no one knows yet how to do it without drawing another blast of censure from the White House. You can bet on it, though, that the boys are figuring.

It made me feel ancient when I was explaining the circumstances surrounding Edward and Wallis before he stepped off the British throne to marry the woman he loved. My listeners were too young 25 years ago to know about the social upheaval in Britain threatened by a king who sympathized with the downtrodden. The marriage bit was an anticlimax.

What the British Commonwealth is finding out in the squabble over British membership in the European Economic Community is what skeptics always have said was true:

There are no indissoluble ties, only bonds of convenience. What is good for Britain is good for Britain, period.

It gives me pleasure when someone asks me what people who live on the fringes of cities would do without the cities. I ask them what the cities would do without us, because we now constitute the bulk of all the purchases that keep them in business.

I am among millions who feel good about Georgetown University's honorary degree to comedian Bob Hope for his "salutary gift of laughter to an often-troubled world." Surely something needed to be done to offset all the degrees bestowed on people who added to the trouble.

My hunch about that airplane disaster at Orly Field in Paris is that the passengers were heading for home with more baggage weight than had been totaled, because they were traveling as a charter-plane group and that this excess weight plus the superheated air over the runway made it impossible for the pilot to get the plane air-borne.

My secret prescription for curing what ails people who complain of feeling under par is for them to go contrary to habit and retire earlier a few nights in a row. It never fails to work for me. Most of us keep short-changing ourselves on sleep because we're afraid we'll miss something.

Everybody talks about tax relief and nobody does anything about it because the only people who could do something are the same rabbits eating the lettuce that would be taken away from them if we had tax relief.

No one fights harder among themselves than members of the U.S. Supreme Court whose split decisions nevertheless become acceptable the law of the land, and this sums up everything I think is wonderful about the country I live in.

Inside Labor

By Victor Riesel

Behind truly tightly closed doors of suites in Manhattan skyscrapers and hotels there have been a series of conferences on whether there is a Communist menace at home. I have stayed scrupulously outside the doors of these vital, volatile sessions. For, everything is off-the-record behind the bolts. Then one could not print what one knows.

Victor Riesel

There can be no commitment to silence—for there is a sprawling Communist movement in the United States. It cannot be brushed off as a picknicking and beach party and reading society.

Why? Because after some digging it can be reported that the Communist party has a network of 21 regional headquarters covering the land from New York to Alaska.

One of these headquarters is a brownstone building occupied fully by the party apparatus. Others range from two to five room suites. All are manned—and womaned—by full-time personnel.

All of them have several cars available—making up quite a pool of auto transport. All have telephones with extensions, multi-numbered setups or switchboards.

Some have reading rooms and book stores attached. None ever have failed to pay their rent.

After considerable leg work, personal investigation, long talks with experts and a cost accounting analysis (my old college training) I conclude that the expense of maintaining this 21-region physical plant alone must come to a minimum of \$250,000 to \$300,000 annually.

Ann Landers

Dear Ann Landers: I know you must work hard writing your column which appears six days a week. Do you ever wonder if you are getting through to people?

Well, I'm the mother of four children, and I'd like to tell you what your column has done for our family. It has provided us with new grounds rules to live by. Here are just a few:

1. B.A.L. (Before Ann Landers) everyone in the house used to open up every bit of mail regardless of the name on the envelope. You put a stop to this practice.

2. Our relatives used to drop in three times a week. Your column gave us the courage to ask them please to call first. Now when we have other plans we tell them and we are no longer trapped in our own home by unexpected company. (And, incidentally, they are over here much less often, which suits us fine.)

3. Our 15-year-old daughter told us three months ago she is not going to smoke no matter what the rest of the crowd does because "Ann Landers says it is a filthy, stupid, expensive, unattractive habit which doesn't do one thing for anybody."

4. My husband used to go on

THIS, MIND you, does not include the hundreds of thousands of dollars spent on renting halls, running demonstrations, printing literature, maintaining printing plants, raising funds for Cuba, and that new type of perpetual motion—the constant traveling to and fro, coast to coast—of party leaders for speeches at scores of universities.

I submit it is not reasonable to brush under some emotional carpet a movement which, for example, has a three state headquarters on Hennepin ave in Minneapolis. This covers Minnesota and the Dakotas. Communist organizers constantly are on the move in this tri-state area.

Nor can one ignore a political complex which has a regional headquarters in Butte, Mont.; another in the Oklahoma-Arkansas district; another covering the Western Pennsylvania district working out of Pittsburgh; another in the Baltimore-District of Columbia district; another in Cleveland for the Ohio-W. Va. Panhandle district.

For the Michigan district, the headquarters is in Detroit. Indiana is covered by two units—one in Michigan for some reason and the other in Indianapolis. Illinois is handled by district headquarters on Chicago's W. Randolph St.

In the New York region, according to reliable sources, they're also operating out of Syracuse and Buffalo.

CALIFORNIA has two setups—one in Los Angeles for lower California, another in San Francisco.

Reports have it that the big bloc of Communist members on the Pacific Coast is in the Northwest. The Northwest district operates out of Seattle covering Idaho, Washington and Alaska.

ANSWERS YOUR PROBLEMS

"silent spells" when something bothered him. He learned from Ann Landers the wisdom of talking things out. You may have saved HIM from an ulcer.

5. I used to nag my husband endlessly about hanging up his clothes and putting things in their proper place. Your column taught me that it takes less energy to do these things myself. You may have saved ME from an ulcer.

6. I don't know whether I should kiss you or kill you for this one, Ann—but now I'm ironing the bedsheets. — TRUE BELIEVERS.

Dear Believers: Thanks for a marvelous letter. You've made my day.

Dear Ann: My husband and I have a lovely home and we entertain fairly often. We enjoy company and it's no strain for me to have a dinner party for 12 or 14. When the weather is good we have had as many as 30 for a barbecue.

Many people we have entertained have never invited us back. There are five or six couples we've had to dinner at least a half dozen times. I know for

A special district has been set aside for Oregon, headquartered in Portland. Most of the South is lumped into one region—except for Texas.

From the 21 districts, or regional centers, the organizers fan out. They schedule club meetings, they promote Communist propaganda activity, they direct the infiltration of key industrial centers.

The party cell system still operates. But there are no personal membership cards or other such means of identification.

Oddly enough, the membership has grown from almost 10,000 to almost 11,000. Just where the central records are kept I do not know, and neither the party nor the government is telling me.

HERE THEN is an extensive apparatus. The other day Attorney General Robert Kennedy took the third step available to him under the Subversive Activities Control Act of 1950 to crack the movement which for so long has been under the scientific scrutiny of FBI specialists.

As a result of the first step, the Justice Department already is preparing to try the Communist party this fall for failing to register. Secondly, the attorney general has seen to it that two of the party's leaders have been indicted for failing to register the party.

Now Bob Kennedy has asked the Subversive Activities Control Board to sit as a court—as it can under the law—and certify that ten specifically named top Communists are party members, influenced by Moscow, and therefore must register.

In these three cases the Justice Department will have to present considerable evidence and many witnesses. Then we will know from whence all that money comes and who directs whom.

ANSWERS YOUR PROBLEMS

a fact that they have had parties and not included us. Yet whenever I invite them they are Johnny-on-the-spot.

My husband says if they didn't care for us they wouldn't accept our invitations. But why don't they invite us back? Am I petty? —EX-CLUDED.

Dear Ex: Some people like you well enough to go to YOUR parties, but not quite well enough to invite you to theirs. If you've learned who these people are, wise up and take them off your guest list.

Matter of Fact

Natural gas was used as an illuminant by the Chinese centuries before the Christian era. The gas was brought to the surface from beds of rock salt 1,500 to 1,600 feet deep. It was conveyed through bamboo pipes and used for lighting salt mines and houses in Szechwan province.

Tax Action Needed

By DAVID LAWRENCE

Unanswered Questions Cause Confusion

An era of tax confusion has begun. What taxes now will be raised? What taxes will be reduced? Just when will the new rates take effect? What changes of regulations are going to be made myway by the Treasury on the basis of the discretion already granted in existing laws?

These are but a few of the many questions which, if left unanswered, will tend to cause business to stagnate and the economy to spread. As a lack of confidence usually ensues.

It is time for stimulating leadership. More and more, President Kennedy is unwittingly creating the impression that he is floundering.

He has reached what might be called a crisis in his political career. The stock market break has brought no action or public expression from the White House that shows an awareness of what has happened.

The economy is in trouble, and the federal government—can be the biggest single factor in its recovery. The enactment of a sensible tax reform program is needed now and ought not to be postponed until the end of the congressional session, which would mean a probable deferment until next year.

Congress is ready to act. When will the Kennedy administration get ready to act? The whole world is waiting to see if the President can avert another 1929-1941 depression. The New Deal floundered and failed then, and was rescued only by the expenditures in heavy goods industries when American started arming after the outbreak of World War I in Europe.

Surely United States has learned that lesson and has a right this time to expect a more realistic leadership and a more constructive program.

What can a president do in the present situation? For one thing, he can accept the advice of those who have had experience in and know the American economy intimately from national and international viewpoints.

He can put aside his partisanship and sit down with the leaders of both sides in Congress to develop a bipartisan program to provide the incentives to business growth and prosperity which are so sorely needed today.

CONGRESS is in session now, and is ready to follow a sensible leadership. It is entangled today in a tax reform bill on a few items which do not go to the heart of the economic problem. Some of its provisions should either be laid aside or dealt with as part of a general tax revision bill.

At the end of this month, more-

over, the corporation tax of 52 per cent automatically goes down to 7 per cent unless the Congress acts to extend or modify the present law.

Congress can give business its greatest inspiration by enacting now a law that will fix a lower tax rate on corporate earnings for a set period of five years. Even if the reduction is just a few points, it will be an incentive to the businesses of the country. It will enable them to plan on the use of the money they will have been told in advance that they will save.

Money spent by business out of tax savings can, in certain ways, generate more spending and ultimately result in more tax receipts.

But the political tendency will be to give a tax cut to lower-income brackets because this means more votes.

It can, however, mean a loss of votes, especially if the tax bill fails to cure unemployment. For to increase consumer spending isn't by itself the way to strengthen the economy. Consumer spending at present is not in a bad way.

It is the heavy goods industries that are in a depression and have been since 1958, and this is the key to high unemployment figures.

THE QUESTION already is being asked how the proposals for a general tax cut emanating from administration circles nowadays can do any good if it results in a big deficit in the federal budget.

The answer is that another big deficit will certainly cause inflation to return, which means higher prices and demands for higher wages. When the temporary stimulus has run its course, there would be the same kind of decline in the health of the general economy that is being experienced today.

Simple solution is to confine tax cuts only to those categories which will stimulate the weak spots in the economy. A deduction in corporate tax rates and a revised set of depreciation rules for all types of businesses are imperative today. This would mean an increase in business volume and tax receipts far outweighing any loss of revenue due to reductions in existing tax rates.

There has been too much delay.

CHANGES have been promised, but the promises have not been kept.

Business has become discouraged.

Planning is at a standstill in many enterprises.

Mistakes already have been made by the President which have unsettled the stock markets of the world. Vague generalities will not help any more than will abstract promises about tax reductions that may be made—perhaps next year.

It is a time for action and not for mere words or ambiguous promises.

Educational Opportunity

As a prospective student of the proposed Kent State University Extension Center in Salem I am disappointed in the lack of enthusiasm of the people of this community. Here is a college which wants to come to us and we simply haven't the imagination to see what it can mean to us as individuals as well as a community.

This is a wonderful opportunity for anyone, from salesmen to housewives, to get a higher education at a nominal cost. This could lead to better jobs or simply enrich and broaden their knowledge in a specific field.

For any woman who might possibly have to step into the role of breadwinner for her family, a college education could mean a great deal. Many 1962

Hints from Heloise

— By Heloise Cruse —

Hi There: Oh gals, I have just discovered the greatest thing in this whole world of housekeeping. It's how to use a pot with a handle for mixing things!

I only have three mixing bowls. All were in use. It came time to mix cornpone . . . makes not one bit of difference if I had been mixing cake batter, biscuit mix or mashed potatoes . . . it still works.

Don't use mixing bowls. Use your big pot with the handle. The one you usually boil potatoes in. It's got a handle! This is worth its weight in gold.

I never thought about having to grip all of my fingers to hold that old mixing bowl before; the pan with the handle sure save lots of energy (this is good for those who have arthritis or are just plain lazy!)

Ladies, the pot with that handle doesn't turn around and doesn't take one bit more water or soap to wash (besides, you have the handle to hold onto while washing it).

And, think this over — usually you are making up those biscuits of pie dough before you need that old favorite pan anyway. Rinse it under the faucet and use it again for the next item.

I even used it with my mixer. The handle "held" the pot still while I turned my beater on. It's deep and the potatoes didn't spatter. I just hate to clean spattered creamed potatoes off my wall and it will happen every time they are put in your regular bowl . . . or at least it does for me.

Try mixing things in a pot with a handle. You have nothing to lose. Pick a deep pan. It's the best. And do you know what? The top part of that old double boiler (which we seldom use) is wonderful for this type of mixing.

I then covered the chrome with lacquer to avoid future rusting.

ing short vacations who hate to change drinking water.

When we took such a vacation last year we filled a large plastic-type container with snap-on lid and placed it in the freezer a few days before departure.

We placed the bottle in the trunk of the car when we left and as it thawed we had nice cold water all the time. It is amazing how long the ice lasted. Ours lasted for days.

"Arthur Godfrey Made Me A Preacher"

Marty Karl sang with The Mariners Quartette for nearly seven years on Arthur Godfrey's Radio and T. V. programs. Why does a \$1000.00 a week T. V. personality, singing on the Nations No. 1 T. V. Program say, "I don't feel as if I'm getting anywhere"?

What was it like on the inside of one of the most controversial T. V. shows in the Fifties?

What happened April 15, 1955, in Arthur Godfrey's office? These questions and many more are answered in the ministry of Rev. Marty Karl . . .

Algiers

new high school used as a police barracks.

Secret army commandos struck almost simultaneously at a big natural gas tank in the same part of town and set it afire.

The fiery attacks in Oran came a few hours after three phosphorous bombs started a fire that gutted the main building of Algiers University, in the capital.

With the resumption of the terrorism—including the indiscriminate shooting down of Moslems—came more evidence of the rift in the secret army between the diehards and those ready to give up the fight.

Coming out of hiding, terrorist leader Jean Georges SarraDET called a news conference to appeal to the diehards to quit.

"We have lost the battle," he said.

"We have no right to drag the European community into a catastrophe."

SarraDET coupled his call with a plea to Moslem nationalists to grant the secret army a general amnesty to pave the way for a peaceful future in the new Algeria.

Moslem leaders demanded European settlers show their repudiation of the secret army or risk their future in the country when Algeria becomes independent.

FESTIVAL CONTINUES

NEGLEY — Approximately 500 attended the festivities of the second evening of the 10th annual Negley Volunteer Fire Department Carnival Thursday. The carnival will feature a kiddie matinee Saturday from 2 to 5 p.m.

NEGOTIATIONS SET

CLEVELAND (AP)—A negotiating session was set today between Ford Motor Co. officials and United Auto Workers Local 420 in an attempt to settle a strike of 3,200 hourly employees at the Walton Hills plant.

The strike started early Thursday in a dispute over production standards. Differences on health and safety issues have been settled.

Salem's Old-Fashioned Days Again Prove Big Hit

"People love 'em."

This was the general comment and observation of Salem's second annual Old Fashioned Bargain Days which are continuing today and Saturday. The merchant's nostalgic event, introduced last summer, again proved to be a hit as hundreds of shoppers swarmed into the business district, some of them wearing costumes to match the old fashioned attire of the merchants.

In photo at left, Tom O'Brien of Guilford Lake stops on street for chat with Glen Oliver, Murphy store manager and general chairman of the observance. Pictured (right) in front of Handel's were (l. to r.) Miss Martha Park, Mrs. Elizabeth Moore and Mrs. Margaret Stone.

A parade Saturday will form on S. Howard Ave. at 9:30 a.m. and move promptly at 10, John Herman Jr., parade marshal, reports.

The parade will travel north to E. State St., and east on State St. to Ohio Ave., where it will disband.

Fifteen old time cars, buggies and bands will be featured. Other units and marchers dressed in Gay Nineties clothes also will be in the procession which will be led by the West Branch High School Band.

Herman said judges will be positioned along the parade route to select the prize winners among the horse-drawn vehicles and in other categories.

\$2,500 Received In County MS Drive

A gross amount of \$2,500 has been collected in Columbiana County in the current fund drive for multiple sclerosis victims, Mrs. Helen Fadely, county MS chairman, reported today. Of this amount \$1,100 has been donated by Salem residents.

The tri-county goal is \$30,000, with \$22,000 collected so far in Columbiana, Mahoning and Trumbull. The drive extends through Father's Day.

Mrs. Fadely urged all marchers to turn in their kits to the YWCA.

million for fiscal 1963 for the Alliance for Progress program in Latin America and \$800 million for each of the succeeding three years.

In addition it authorizes \$1.5 billion for military assistance and \$125 billion for economic development loans outside Latin America, authorized last year.

Neither of these items were subject to reduction in the authorization bill but likely will be the targets for sharp cuts when the appropriations bill comes up.

Pollution Control Meeting Held Here

The Salem utilities department was host to 52 water and sewage department personnel from eastern Ohio cities at a water pollution control conference Thursday at the Memorial Building.

The group toured the E. W. Bliss Co. plant and the city water and sewage plants.

Mayor Dean B. Cranmer gave a welcoming address following the evening dinner. A business session was held and there was a schooling session for newer men in the field.

Salem Utilities Superintendent Aubrey Hayes is a board member in the Eastern Ohio Water Pollution Control organization.

PLAN DANCE AT PARK

Don Steltz will spin the records when the Salem Park Commission presents the first of the summer youth dances from 8 to 11 tonight at the basketball court of Centennial Park.

The speaker said that "brotherhood is no longer a question of morality or religion alone; it has become necessary for the survival of our nation."

"Although the Bill of Rights and other supporting timbers of our government is strong, they are not strong enough to withstand weakening from within. Whenever an American is prevented from rising in life because of color, stock or creed, the principles of democracy and the vision other peoples have of us suffer," she pointed out.

Took Swing at Miller

Kennedy took a swing at Republican National Chairman William E. Miller and other GOP leaders after repudiating a statement by Democratic Chairman John M. Bailey accusing Republican Gov. Nelson A. Rockefeller of New York of prejudice against Negroes. He said he had been waiting "for about a year and a half" for leading Republicans to repudiate some of the charges Miller had flung against him.

On other matters: Foreign Aid—Kennedy said he was glad the Senate restored at least the government's authority to aid Poland and Yugoslavia with surplus food.

Medical Care—Passage of his plan to finance medical care of the aged through Social Security, Kennedy argued, would not nullify the Kerr-Mills law.

De Gaulle—Kennedy said he hadn't heard anything of a report he and President Charles de Gaulle of France are arranging to meet.

Manuel

lican members thought Manuel should get a second chance, the subcommittee unanimously believed "he had made a serious mistake."

He said Manuel gave a number of reasons for doing it, including "the purpose of making it available to the attorney general of Texas."

The Texas official, Will Wilson, has been conducting a grand jury investigation into the death of Henry H. Marshall, an Agriculture Department official in Texas who had been investigating Estes' transfers of valuable cotton allotments. Marshall's death by five gunshot wounds was first ruled suicide. But a pathologist now says Marshall may have been murdered. The death is now under investigation.

The report given to the newspaper dealt in part with Marshall's death, and the Agriculture Department eventually made parts of it available to the Texas grand jury.

Manuel is not a newcomer to congressional investigations, although he had worked for the Fountain subcommittee for just about two weeks.

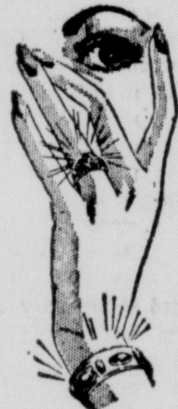

He has served as minority counsel on a House subcommittee investigating public roads scandals, and also on the Senate committee that conducted a marathon investigation of unions.

Steer Raisers Hear Talk

Dr. B. E. Trisely, federal project leader for TB control in Ohio, was the guest speaker Wednesday evening when 85 attended the Columbiana-Mahoning beef producers meeting held at the Vernon Dell farm near East Liverpool.

Bud Billington of Calcutta Farms, gave a hoof trimming demonstration and had charge of

the judging contest for junior members.

Winners of the contest were David Thompson, Hanoverton RD 1; Sherry Mollenkopf of East Palestine and James Miller of Columbiana, tied for second, and Nancy Ward and Jerry Ward, Columbiana, tied for third.

The twilight meeting was planned by the Columbiana-Mahoning beef committee.

Richard Cope of Leetonia RD 1, chairman, presided.

WASHINGTON (AP)—The Agriculture Department reports that the total value of U. S. farm real estate in the 48 contiguous states was estimated a \$138 billion on March 1 an increase of about \$6 billion over the year before.

This averaged out to \$123 an acre on March 1 compared with about \$117 the month before. The average farm was valued at more than \$41,000, of which buildings contributed about \$8,500 and land \$32,800.

Farm real estate values are at a record high and, the department said, the outlook is for a moderate advance in the six months following March 1.

Sales activity in the rural land market remained at a low level in 1961-62, although competition

for the limited amount of land for sale was stiff.

The estimated annual rate of farm title transfers continued low, 45.9 for each 1,000 farms — only slightly above the rate for 1960-61. The rate of distress sales was up moderately.

WASHINGTON (AP) — U. S. Armed Forces and veterans hospital patients increased consumption of milk over the standard ration by about 552 million pints in 1961 under a special program to stimulate use of milk for troop feeding.

Under this program the Agriculture Department pays a part of the cost of additional milk used.

The department said total consumption of fluid milk by personnel in the Army, Navy, Air Force, Marines, Coast Guard, and other outlets was more than triple what it would have been if only standard ration purchases had been made.

The department paid out \$25.

437,517 to cooperating agencies for the 1961 increase in the use of milk.

WASHINGTON (AP) — Meat production under federal inspection for the week ended June 2 was estimated at 394 million pounds, 9 per cent below that of the previous week but 1 per cent above the total for the same week a year ago.

Indians Blanked 4-0 by Yankees, Drop to Third Place

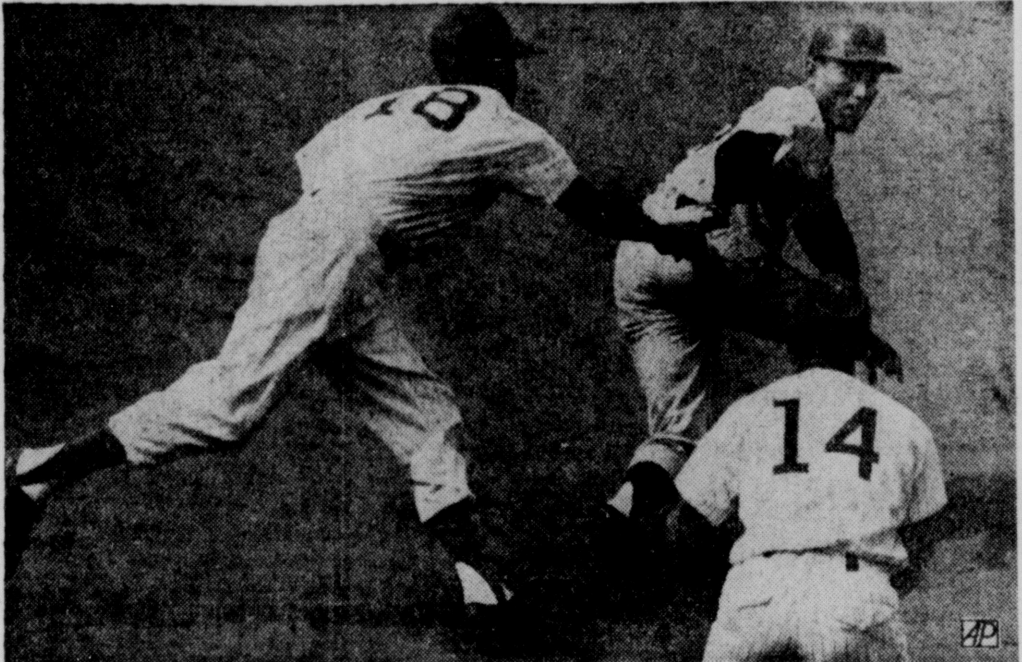

Twins Blast Athletics 5-2

Boston, Chicago Baltimore Victors

By JIM HACKLEMAN
The Minnesota Twins climbed a notch toward the American League top Thursday, beating Kansas City 5-2 behind the pitching of right-hander Joe Bonikowski and the key hitting of Rich Rollins.
That victory, coupled with the New York Yankees 4-0 shutout Cleveland reshuffled the top of the standings. The Yanks kept their hold on first place, but Minnesota jumped up to second—one game out—and the Indians fell to third, two games behind.
In other games—Boston tripped Detroit 5-4, Chicago beat Los Angeles 8-4, and Baltimore crushed Washington 12-5.
Bonikowski, 21, a suender Pennsylvanian, held the Athletics to six hits. He struck out five and did not allow a walk, winning his fifth against four losses.
Kansas City starter Dave Wickersham took the defeat.
Bill Stafford's shutout was the Yanks' second straight over Cleveland in their abbreviated two-game series with the Indians.
Stafford faced only 29 men, retiring the first 10 in order.
Roger Maris led off the fourth with his 10th homer for New York's first hit off loser Jim Perry, and it stayed 1-0 until the Yankees got three insurance runs in the eighth.
The Red Sox nipped the Tigers with an eighth inning run. Before that it had been a home run duel, with pitcher Earl Wilson and Gary Geiger connecting for Boston and Rocky Colavito and Jake Wood for Detroit. Arnold Earley was the winning pitcher and Ron Kline the loser.
Al Smith sparked the White Sox over the Angels, getting five hits in five tries. In all, Chicago batters collected 14 hits off five Los Angeles pitchers, starting with loser Eli Grba.
Eddie Fisher got the victory in relief of Juan Pizarro.
The Orioles scored in all but two innings against the Senators, hammered out 14 hits, collected seven walks and rolled up their biggest score of the season. Jack Fisher was Baltimore's starting pitcher but failed to last past the third. He was taken out after Chuck Hinton's two-run homer and Billy Hoelt went the rest of the way. Washington left-hander Pete Burnside, chased in the Orioles' four-run second, was the loser.
Nashua still holds the record for the Preakness. He covered the one mile and three sixteenths in 1:34 3-5 in 1955.

TAG END OF THE PLAY — San Francisco Giants shortstop Jose Pagan (right) is tagged by Chicago Cubs shortstop Andre Rodgers between first and second base as Pagan attempted a steal in ninth inning of game in Chicago Tuesday. This was part of an attempted double steal, with Felipe Alou successfully stealing home. Giants won 11 to 4. In right foreground is Ernie Banks (14) of Cubs.

Pitchers Hot, But Tribe Hasn't Scored In 19 Innings

BOSTON (AP) — Even good pitching can't shake Cleveland out of its darkest hour of the 1962 season. That's because the Indians haven't scored a run in 19 innings.
New York blanked Cleveland for the second straight time Thursday night as Bill Stafford hurled a two-hitter for a 4-0 triumph. Jim Perry permitted four hits in 7 1-3 innings. Al Luplow and Bubba Phillips got the Cleveland hits, but neither reached second base.
The Tribe now has dropped four straight and six of the last nine. During the nine-game span, the Indians have been shut out four times and have produced a total of 27 runs, 55 hits, 8 doubles, 2 triples and 7 home runs.
To illustrate how well the Indians' pitchers have been doing during this hitting famine, examine these nine-game figures:
The opposition has scored a total of 35 runs (less than four a game) and 72 hits, or an average of eight a game.
Perry (4-3) matched Stafford pitch for pitch until Roger Maris belted a fourth inning homer into the upper right field stands for the Yanks' first hit Thursday night. The New Yorkers erupted for three more runs in the eighth and chased Perry.
Bill Skowron started it with a

Miller To Coach At Wittenberg

SPRINGFIELD, Ohio (AP) — Wittenberg University, in recent years one of the nation's top small college basketball powers, has one of the nation's youngest cage coaches.
University officials Thursday announced the selection of Eldon Miller to succeed Ray Mears as head basketball coach at the school here. Miller will be 23 later this month.
Miller, who is still working toward a masters degree at Wittenberg, was one of the stars of Mear's 1961 NCAA college division champions.
Last season Miller served as a graduate assistant and junior varsity coach. His team had a 9-1 record.
The native of Gnadenhutten moves up to the head coaching post left vacant when Mears accepted a similar post at the University of Tennessee. In the six years at Wittenberg, Mear's teams amassed a 121-23 record.

Belmont Stakes Set Saturday

Richest Race Since Classic Originated

By JOHN CHANDLER
Associated Press Sports Writer
NEW YORK (AP)—The richest of all Belmont stakes since the great classic was inaugurated in 1867, will be raced Saturday at Belmont Park.
Seven 3-year-olds are scheduled to go postward in the 1 1/4-mile test, barring any late developments.
Seven starters would make the purse \$152,050, with the winner grabbing \$108,300. Sherluck took a record \$104,900 last June.
The leading contenders are George A. Pope Jr.'s Decidedly, Donald P. Ross' Greek Money, George D. Widener's Jaipur, and Peter W. Salmen Sr.'s Crimson Satan.
The others, who can't be counted out after last year's experience with Sherluck (\$132,100—for \$2), are Fred W. Hooper's Admiral's Voyage, Frank E. Power's Vimy Ridge, and Louis Wolfson's David K.
Decidedly broke the Churchill Downs track record in winning the Kentucky Derby five weeks ago. But ran poorly in the Preakness at Pimlico May 19, as Greek Money nosed Ridan in their rough finish line thriller.

Salem Merchants Lose At Niles

Coach Dave Briskens' Salem Merchants dropped their eighth game of the season Thursday night when they traveled to Niles to battle Albermaris Restaurant. The hosts dumped the locals 8-2.
Guiler and Miller pitched for Salem, giving up five hits. The locals also collected five hits with Gene Hammett hammering two singles to lead the attack.
After a scoreless 1st inning, Albermaris exploded for three of its hits and shoved across five runs in the second. They were never threatened.
Jay Hebert, 1960 PGA champion, was professional golf's fifth leading money winner in 1961 with \$35,583 won in 31 tournaments.

'Shell-Shocked' Reds Return To Cincinnati To Face Phils

CINCINNATI (AP) — The Cincinnati Reds were back home today, hoping to recover from the St. Louis fiasco at the expense of the eighth-place Philadelphia Phillies.
The Reds lost three-game series at St. Louis, and the Cardinals had an easier time winning as they went along.
The final defeat Thursday night was by a score of 8-2. The Reds lost the first game 10-9 in 11 innings, and the score of their second loss was 4-3. Even though they clung to third place, the Reds are now 7 1/2 games behind National League leading San Francisco.
Jim O'Toole, one of the Reds' starters, began Thursday night's game. The Cardinals tagged him with a run in the second inning before driving him off the mound in the fifth.
Bill White began the five-run fifth with his ninth homer. After an out, Julio Gotay doubled to left, scoring on hurler Ernie Broglio's single. Broglio scored when Don Zimmer made a throwing error, his second of the game, on Curt Flood's high hopper down the third base line. Flood scored when Jerry Lynch made another throwing error on the same play.
O'Toole left the game after he followed this up by dishing out a triple to Julio Javier and a run-scoring single to Ken Boyer. Dave Sisler took over and retired the side.
Johnny Edwards and Eddie Kasko hit doubles for the Reds in the next inning. Kasko scored on Don Blasingame's single to save the Reds from a shutout.
The Cards picked up two more runs in the eighth.
Johnny Klippstein (1-0) was scheduled to hurl tonight for the Reds. Paul Bennett (1-1), was expected to pitch for Philadelphia.

Stepanic's and Tullis American emerged victors in two Class AA softball games played last night at Kelley Field.
Stepanic's Stonemetz turned in a two-hitter while his teammates rapped the loser's Cranston for nine safeties and claimed a 5-1 win.
Bill Ferguson and Vince Wayant paced the winner's hitting attack. Ferguson connected for a triple, a double and a single in three trips and Wayant added a three-bagger. Hahlen doubled for the losers.
Stepanic's shoved across three runs in the second and two in the third while holding its opponents to one run in the fifth.
Dick Youngpeter and Stiffle each homered for Old Dutch but they were the only runs the team scored as it bowed to Tullis American 6-2.
Youngpeter also singled for the

Cubs Post 4-3 Win Over Giants

Pirates Edge Dodgers 3-2

St. Louis Belts Cincinnati 8-2

By MIKE RATHET
Associated Press Sports Writer
Andre Rodgers may have saved his job with a sudden display of power for the Chicago Cubs.

The young shortstop stroked a bases-loaded single in a three-run fourth inning uprising against National League leading San Francisco, then tagged a homer in the sixth for the deciding run as the Cubs whipped his former teammates 4-3 Thursday.

Rodgers, 27 and hitting only .263, might have been on the bench if Alex Grammas, acquired in a trade two days ago, had reported to the Cubs. At game time Grammas still was missing and Rodgers played.

Second-place Los Angeles lost an opportunity to take over first place when Dick Stuart hit a three-run homer in the last of the ninth and gave Pittsburgh a 3-2

victory over the Dodgers. That kept the Dodgers a half-game back of the Giants.

Elsewhere, St. Louis won its third straight after snapping an eight-game losing streak by beating Cincinnati 8-2 and Houston came from behind to edge Milwaukee and Warren Spahn 3-2. The New York Mets and Philadelphia were not scheduled.

Rodgers' heroics tagged left-handed Billy Pierce with his first National League defeat after eight victories. Don Cardwell (2-6), who scattered six hits, went the route for the victory.

The Dodgers gave Johnny Podres a 2-0 lead on Willie Davis' homer with one on in the third and the southpaw had a four-hit shutout until the ninth when Dick Groat and Roberto Clemente hit consecutive singles leading off the inning. That chased Podres and brought on Larry Sherry, whose second pitch was hit by Stuart for the game-winning. Elroy Face (4-1) picked up the triumph in relief.

Backed by an 18-hit Cardinal attack, Ernie Broglio (2-2) held the Reds to seven hits.

Julian Javier and Julio Gotay each had three hits off Jim O'Toole (4-6) and his successors.

The Braves moved ahead 2-1 in the fifth on Ed Mathews' run-producing single. But singles by Jim Pendleton, Norm Larker, Merritt Raney and Billy Goodman gave the Colts two in the last of the ninth and left Spahn (6-6) with the loss. Former Brave Don McMahon (2-1) won in relief.

Palmer In 46th Position

Brewer's 66 Leads Pack In \$100,000 Classic Tourney

By HUGH FULLERTON JR.
Associated Press Sports Writer
CLIFTON, N.J. (AP)—"Arnie is just giving the field a head start this week."

That was the laughing analysis offered by two-time National Amateur champion Jack Nicklaus when 45 players scored better than Arnold Palmer in the first round of the \$100,000 Classic tournament at the Upper Montclair Country Club Thursday.

It was given, however, with a slightly rueful chuckle that indicated nobody, least of all his rivals, figures Arnie will be far away when the \$25,000 first prize is handed out Sunday night.

Gay Brewer, heavy-hitting Kentucky-bred pro who plays from Crystal River, Fla., solved the tricky greens on the 7,055-yard course to take the first round lead with 33-33-66.

He was one stroke ahead of Gene Littler, who is tuning up here to defend his U.S. Open championship at Oakmont, Pa., next week, and Earl Stewart, a club pro from Dallas, Tex.

Palmer, winner of six tournaments this year, favorite to add to his immense earnings here and probable favorite for next week's National Open, had a 73, one over par. He was still feeling the effects of a cold that has bothered

him for more than a week.

Two players, Fred Hawkins and Dave Ragan, had 68s and six had 69s, among them Nicklaus.

After today's second round, the field will be cut to the low 90 pros and the four amateurs who started. Another cut to 60 and ties will be made before the final round.

Brewer, 30, who has won three tournaments in seven years, a pro, but none this year, was first round leader in last week's Memphis open. He finished tied for 10th.

Hot Stove Leagues

The first Class E game of the season was played last night along with two tilts in Class F and two more in Class H. Class E action was slated to start Monday, however, adverse weather conditions prevented play.

Class E

Famous Market pushed across three runs in the top of the fourth to break a 2-2 deadlock as it dumped E. W. Bliss 5-2.

The winners managed only one hit but capitalized on six walks and three Bliss errors. Moe Metzgar rapped a triple for the winners with Hilton Moffett also smacking a three-bagger to lead the loser's four-hit attack.

Moffett was on the mound for

Bliss with Mike Rians handling the chore for the winners. Elks shutout Fisher's News 6-0 behind the four-hit pitching of John Tolson in one of two Class F tilts played.

Ron Parlantieri had a triple and a single and Jack Rea two doubles to lead the winners at the plate. Rod Bentley connected for a triple in Fisher's losing cause. Bob Luttmers and Bentley hurled for the losers.

In the other Class F game, Sekely's scored 13 runs in the last two innings to rout Mullins 15-2. Chuck Joseph was the big man at the plate for Sekely's as he connected for a four-bagger in the free-scoring fifth inning. Plaster garnered a single off winning pitcher Doug Kilman in the first but Kilman toughened after that and refused to give up any other safeties.

Class H

Independent Hose scored four times in the first inning, 13 in the second, four more in the third and seven in the fourth to bury Howard Studio 28-3 in Class H action.

The winners did all their scoring on just eight hits but were aided by 18 walks given up by four Howard's pitchers and nine miscues by the losers.

Rudy Markovich had a triple and a single and Tom Galchick two singles for the victors with Tom Warren rapping a single for the losers.

Ernie Stevens was credited with the win while Terry Frazier took the loss.

In another one-hit game in the Class H, Stark's Colonial Attic downed Hobbycraft 11-1.

Dick Helmick got the loser's only hit, a single in the third while Randy Hanzlick led the Stark's crew with a homer and a single.

Down 8-6 going into the last of the fourth, the winners came up with five runs and then put down a Hobbycraft rally in the top of the fifth to claim the win.

John Lantz turned in the one-hit performance for the winners with Warren Washington and Da Palmer working for the losers.

Schuster's 33 Takes Honors At Flying B

Rudy Schuster fired a two-under par 33 to top low gross honors last week in the Flying B Golf League.

Powder Puff, led by Ed McLain's 36 moved into first place with 36½ points followed by Corso Drive In with 32½.

Methodist Schools May Get Funds

LAKESIDE, Ohio (AP)—Mount Union and Baldwin - Wallace colleges and Ohio Wesleyan and Ohio Northern universities could get \$1.5 million from a four-year fund-raising campaign approved by the Ohio Conference of the Methodist Church.
